

# GEOGRAPHIC PROFILING ANALYST TRAINING

This program is designed to give analysts, investigators, detectives, and managers the background and skills to interpret geographic profiles correctly and to make actionable recommendations.

Students learn through presentations given by subject matter experts, through the study of real cases, group dialogue, and a field exercise as well as hands-on training with the professional geographic profiling software RIGEL.

Course Website: [www.geographicprofiling.com/pinellasgpa](http://www.geographicprofiling.com/pinellasgpa)

## GPA I - BASIC Nov 9-13, 09 8:30AM-5:00PM \$750

Basic introduction to the concepts and theory of geographic profiling. It covers the mathematics and statistics behind the techniques, crime pattern theory, mental maps and criminal hunting area concepts are introduced.

## GPA II - ADVANCED Nov 16-20, 09 8:30AM-5:00PM \$850

Hands-on instructional course that focuses on applying geographic profiling techniques to actual cases (historical or active). Emphasis is on effective analysis, strategy and scenario development and final report generation. The RIGEL Analyst software is introduced and is used extensively in this part of the course.
